Neelly, Ferguson and Sharp will be forced to move over and give Proby a place in the announcement column.

This issue is respectfully dedicated to the new officers who will serve this county for the next four years.

FOR SALE—2 coloe's uniforms of stout size. Bob Sharp or Will Hoffa.

Personal to I. O. Pearson. I have started what I told you I'd start.

Congratulations to Knox Pierce, J. L. [illegible] and other Legion boys on a big job well done in distributing 200 fine Christmas baskets to the poor.

Resolved, to shave at least once a week. Miles Smith.

Since Hugh and I are getting on so much better I guess I will go back to spelling my name, "White" instead of "Whyte" as I have for some time.

J. H. Biddy went to preaching Sunday. So did Kirk.

In spite of a healthy, steady growth in our subscription list, we have utterly failed to obtain 80 percent of the homes of the county on our list, and have almost dispaired of ever getting that many 35 percent of our people cannot read, unfortunately.

Personal to Brother L. H. Gant of Little Texas—please bring me in two gallons of "those" good Lousiana molasses. We will pay cash money for "them", as your subscription has already been paid.

Greek Rice said Santa Claus was a hoodoo for he did not bring Greek a wife.

"Miss" Annie Jones had a grand old time visiting her son Boots in the deep swamp at Cleveland.

Mitchell, unfortunately, is still at Parchman.

Santa Claus is not the only one who si glad Christmas is gone.

There were several killings in the free state during Christmas, we hear.

I am still high.

Mr. and Mrs. Cowles Horton's guests during the holidays were their children Mr. and Mrs. Robinson Horton of Memphis; Mr. and Mrs. Cowles Horton Jr. of Bowling Green, Ky. Mr. and Mrs. George McMurray of Jackson also their sister, Mrs. Will Hicks of West Point.

Mr. and Mrs. P. T. Lagrone of the City of Greenville attended the game at the Sugar Bowl in New Orleans and also spent Christmas with relatives in Louisiana. They also spent several days in Jackson at a group meeting of the power company.

Mr. and Mrs. E. W. Worthington were week-end guests of relatives at Tulahoma, Tenn. the past week.

L. C. Proby, Former Mayor, Announces For That Office

The Grenada County Weekly is authorized ti annoufnce that Mr. L. C. Proby is a candidate for the office of Mayor of Grenada.

Mr. Proby is no stranger to the folk of this city. Four years ago he completed a successful administration of the office he now seeks. Since that time and prior to that time for that matter, Mr. Proby has taken a leading part in civic affairs. Lions, Chamber of Commerce, soft ball league and other enterprises of like nature.

To say that he is open and above-board is but to tell the truth, and, tho he realizes that being outspoken is often a poor qualification for one seeking public office, he cannot by nature and will not by preference, conceal his true feelings when called upon to express them. You usually know where Proby is "at"

Later on in the campaign, he proposes thru the press and otherwise to cite some facts and figures that tend to bear out his contention that, having headed one successfull administration, he can repeat by giving perhaps a better one, having the lamp of experience to help guide him.

Death Ends Long Illness For J. L. Tribble

Death ended the long suffering of Mr. Jessie Lee Tribble on Tuesday the 2nd of January, 1940 in the home of his daughter, Mrs. Ollie M. Anthony in Grenada.

He was born in the Pearidge community on June 28, 1867, and was reared there. In young manhood in 1886 he and Miss Helen Staten were married. They lived at Oxberry and reared a large family there. He always took an active interest in the welfare of the community. No poor man perhaps ever had the burden of sickness in the family that Mr. Tribble had to bear, yet he bore it cheerfully. After the death of his wife he lived in Holcomb, then in Grenada.

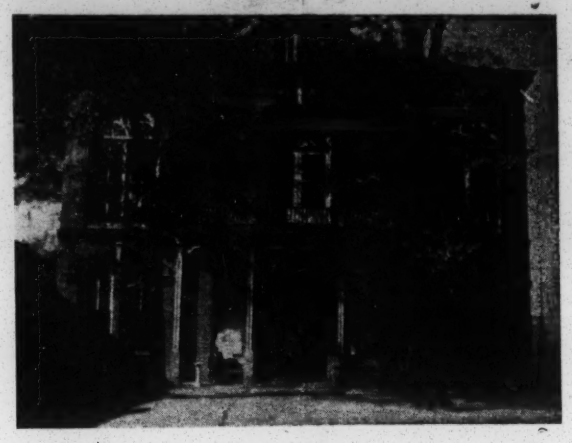
His body was buried in the Bethel old cemetery Wednesday afternoon. Rev. J. B. Ray of Holcomb and Rev. Leroy Sellers of Pisgah Church in Carroll County, the latter whom Mr. Tribble helped rear, conducted the rites.

Five sons, A. F. of Clasksdale, T. E. of Greenville, L. M. of Washington, A. M. of Marks and A. B. of Memphis and two daughters, Mesdames Ollie Anthony and Claud Maxey, survive and to them we extend sympathy.

PAVING CONTRACT LET

The contract for paving No. 8 Highway for the first six miles east of Grenada was let last Friday to Barber Brothers and work will begin as soon as possible.

Seat of the County Government, Our Court House



The beautiful old building depicted above is the 55-years old court house of Grenada County. It was built in 1884 on the McLean lot from the heirs of the late Judge R. D. McLean, who, in turn, had bought it from his father in law, W. H. Whitaker, before the Civil War. This building will be restored under a WPA project during the year. It is a remarkable fact that Mr. John Long, a brick mason and plasterer of Grenada, helped do the original plastering in 1884, helped replaster the walls under a CWA project in 1933, and likely will work on the walls again this year.

G. C. Trusty Accidentally Killed Monday Morning

Mr. G. C. Trusty of the Mt. Nebo community lost his life on Monday January 1, 1940, at the Beat Three gravel pit near Pearidge when the huge tractor he was driving slipped off into the pit, pinning Mr. Trusty's body under the tractor, killing him immediately.

He was born on August 15, 1878 in the Pine Grove community in Yalobusha county but lived on his farm in the Mt. Nebo community of Grenada county. He was an honest, upright citizen and enjoyed the respect and esteem of all who knew him. He was known as one of the most careful men in his farm work and in his road work, of which he did much. In the August primary, Mr. Trusty was a candidate for supervisor of his beat and made a nice showing. His wife is the former Miss Florence Gray.

He was buried in the historic Mt. Nebo cemetery Tuesday afternoon and a large concourse of friends and neighbors gathered to pay their last full measure of esteem and respect to this good man. Rev. E. R. Sherman and Rev. E. R. Henderson officiated.

Messrs. Clifford, Jack, Jimmie, Wilton, Frank and Erwin Gray were the pall bearers.

Surviving him are his widow; two sons, Edgar and Gaston; three daughters, Mesdames Jim Moore, Price Jones and Troy Moore. To them we extend our sympathy.

I certainly do miss the RFC and Huey.

Several over in the swamp, nameless yet, are behind. If they want the GCW they had better send in the money or a letter saying they will pay when the partiy check comes, soon.

John James Howard Died Here Saturday Last

John James Howard died in his home in Grenada on Saturday, December 30 1939 after a lingering illness.

He was born in Carroll County on December 27, 1882 and was the son of the late Mr. Nate Howard and Mrs Howard, and was a member of a large and well known family.

For the past twenty odd years he lived in Beat Five, first in Holcomb and later at Oxberry, and engaged in farming and road work.

The writer has known the deceased many years and says of him when he is dead, as he said of him when he was alive, that John was always honest and straightforward in dealings with the writer.

On August 2, 1905 he and Miss Pearl Wiggins were married. Three sons and one daughter, Houston, Lois and Thurman, and Mrs. Stella Avent, came to this union. All survive.

His body was interred in Woodlawn Memorial Park in Grenada Sunday afternoon, Rev. T. B. Thrower of the Methodist church officiating.

In addition to the widow and the children already mentioned, he is survived by one brother, L. C. Howard, and eight sister, Mesdames Carrie McCracken, Tommie Hughes, Henry E. Ashmore, Sam Cullen, Ray M. Lamb, Charley Mays, Robert Collins, and Chas Campbell and to them we express our sympathy.

Plans For Episcopal Mardi Gras Ball Announced

The Episcopal Auxiliary president, Mrs. W. W. Whitaker, announces the 8th annual Mardi Gras Ball date as February 2, 1940 and that this brilliant social event will be held in the spacious gymnasium of the Grenada High School.

Since 1933 this ball has been an outstanding social event and this year plans are being made to stage one of the most enjoyable balls of the year.

The following is a brief summary of the past, giving the names of King and Queen since 1933, when Donad Sharp was King and Mary Patton Wilkins was queen; 1934, King Paul Lagrone and Queen Lucy Webb Sharp; 1935, King C. S. Burt and Queen Gloria Williams; 1936, King H. A. Alexander and Queen Elizabeth Malone; 1937, King L. D. Boone, Queen Claire Weir; 1938, King J. B. Perry Jr and Queen Ann Neely; 1939 King Earl Burkley and Queen, Susan Proby; 1940 ? ? ?

The chairmen of various committees were announced as follows: of the Ball, Mrs. Frank Gerard with Mesdames C. S. Liles and C. C. Cathey as assistants; of the Music Mesdames C. S. Liles, J. H. Neely and Carouthers as cochairmen; Mesdames L. J. Doak, Earl Burkley and P. T. Lagrone as chairmen of the Throne and Dance Floor. Mrs. Lagrone plans to be the guest of Mrs. Burkley the week of the ball. Mrs. T. H. Weir is adv. chmn.

The contestants for Queen will be selected before January 19, at which time the beautiful girls selected will be presented at the Grenada Theatre. This presentation will be on Friday, two weeks before the ball.

Mrs. Charlie Ransom is chairman of the tea to be held at 4 o'clock at the H. S. Gym. She has as coworkers Mrs. J. H. Neely and Mrs. Harry Burkley. Mrs. C. C. Cathey who carried out her plans so successfully developing the Circus theme last year, will assist Mrs. Ransome.

The past Junior kings and queens of Mardi Gras Tea are for 1938, Roger Peasants and Jean Scott Burt; for 1939, Bobby Alexander and Miss Emogene Gepslin.

CHARTER CHANGES TO BE VOTED ON JANUARY 13TH.

On January 13, the voters of Grenada will be called upon to render their decision on two proposed changes in the city charter, viz: first, whether the terms of office of elective officers of Grenada be reduced from four years, as at present, to two years; and, second, whether the office of city marshal and the office of city clerk be filled by the board of aldermen, or these offices be filled by election by the people as at present.

It looks like getting drunk and laying off are poor ways to start the new year.

County Officers Began Their 4-Year Terms On Monday Last

Monday, January 1, 1939 was the end of the term of county officers in Grenada County, as well a being the beginning of the new term. Only the Chancery Clerk of the important county elective officers, continued his work at the court house. Four of the "old" supervisors returned. In the judicial department of our county government, the new faces about equal the old. All officers were sworn in by the Chancery Clerk, J. P. Pressgrove.

Taylor T. Hayward became the new sheriff, succeeding D. W. Dogan. Ed Brunson was succeeded by J Matt Cooley as jailer. Winston Frazier, former chief deputy, was succeeded by Clayton Carpenter.

John Pressgrove succeeds himself as chancery clerk and begins his 3rd term His former chief deputy, Rice Pressgrove, will continue.

Charlie F. Worsham succeeds Durrow Horn as circuit clerk. Miss Aleen Bridgers will be deputy, succeeding Mrs. Horn.

L. S. McKnight succeeds Mr. W. E. Boushe as tax assessor. Miss Ouida Chapnis will be deputy. Sam J. Simmons Jr. succeeds O. D. Spratlin as superintendant of education. Arbie Thompson is coroner and ranger.

The board of supervisors is now mcoopsed of four "old" supervisirs, L. P. Horton of Beat 1, G. A. Chamberlain of Beat 2, D. A. Williams of Beat 3 and J. L. Elliott of Beat 5; and one new member, Burns Strider of Beat 4 who succeeds Clinton Thomason. Mr. Williams was reelected president of the board, while Sam C. Mims Jr. was selected attorney for the board. Mr. Green Carpenter was named janitor at the court house.

Squires C. E. Boushe and M. McKibben of Beat 1 and M. O. Gray of Beat 3 succeeded themselves, while D. W. Pickle of Beat 4 and Vernon W. Carver of Beat 5 took office Monday.

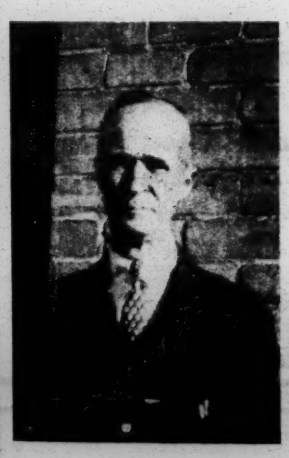
DERMA TEAMS TO PLAY HERE

The boys team and the girls team of Derma will play the Grenada teams here Friday night. Games start at 7:30. Admission is 10 and 25 cents.

CHANGES IN OIL AGENCIES.

Effective the first of the year, Jun Angevine relinquished the Shell agency and took over the Standard agency and Stanley Brown, former Standard agent, took over Pan-Am.

SUPERVISOR, BEAT ONE



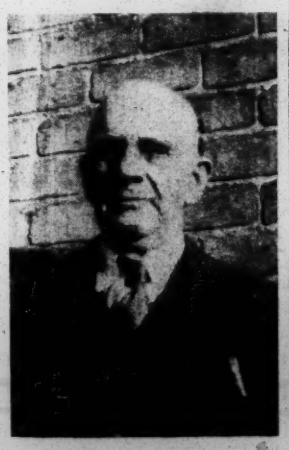
L. P. HORTON

This is the gentleman upon whom the camera was tested to see if it could stand the task of depicting the faces of the new county officers. He is Hon. L. P. "Prich" Horton, supervisor from the First District, embracing Grenada and vicinity. He is beginning his second term, having come so close to beating two worthy men in the first primary that the second man withdrew, leaving Mr. Horton unopposed.

Mr. Horton is unique among supervisors, most of whom have outside duties to perform, in that he devotes almost his entire time and attention to the duties of his office.

Aint Grace Moore sweet.

SUPERVISOR, BEAT TWO



GEORGE A. CHAMBERLAIN

The above is a good likeness, even if not flattering, of George Chamberlain, supervisor from the Second District. Mr. Chamberlain enjoys the unique distinction of having defeated several good men in the first primaries of both 1935 and 1939. He is beginning his third term and no one would deny that he enjoys the confidence of his people.

In addition to looking after the extensive road system of his large beat, George operates a large farm and engages extensively in the cattle business.

Preacher Pharr started the new year off right, that is by subscribing for the GCW.

PRESIDENT OF THE BOARD

D. A. WILLIAMS

Dave Williams' smiling face adorns the space immediately above this paragraph. He represents Beat Three on the board and has, for the second time, been honored by his associates by being elected president of that body.

He is beginning his second term. In the past he has served his county as sheriff, tax assessor and in other positions of trust and responsibility.

He lives on his farm north of the river in Beat Three and devotes some to his attention to his own rather large farming operations.

Our friend, "Miss" Anna McElwrath has had quite a siege of illness this winter but is slowly improving, we are glad to report.

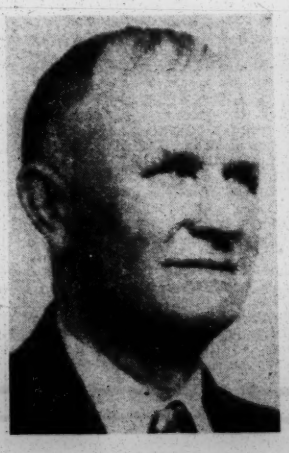
SUPERVISOR, BEAT FOUR

BURNS STRIDER

The subject above was as hard to get under the camera as it would be to get Hitler to kiss Chamberlain and Deladiler. We finally found him at the board meeting Monday where he is beginning his first term as supervisor of the 4th. District, the wild and wooly district near the free state. He is the "baby" member of the board and has already exhibited a fine attitude; that he is unfamiliar with the details and wants his older associates to help him. Many enter office already knowing (?) more than veteran members.

Mr. Strider also is a farmer, and knows the problems of his people. So far as is known he never sought public office before the 1939 campaign.

SUPERVISOR, BEAT FIVE

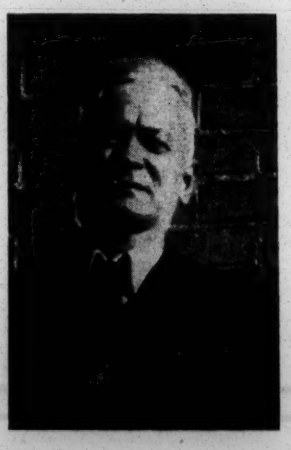


J. L. ELLIOTT

Mr. Elliott this week began his second consecutive term as supervisor of the western, or fifth, district. For sixty or seventy years prior to 1939, no supervisor had immediately succeeded himself, and it is a fine tribute to Mr. Elliott's ability and integrity that he broke this hoary "jinks". During his last term he made a most enviable record in hard surfacing all old roads, and building other roads to be graveled. It has been facetionsly predicted that, if the WPA lasts, Jim Elliott will have gravel fifteen inches deep on every road in Beat Five.

Having retired as mail carried prior to his entrance upon office in 1936, Mr. Elliott devotes most all of his attention to the county's business.

ATTORNEY FOR BOARD



SAM C. MIMS, JR.

This handsome fellow (in the picture) who looks like he has just stepped off the Supreme Court Bench to sit for a portrait is Hon. Sam C. Mims Jr., attorney for the board of supervisors for the past eight years and beginning another term this week. He has so far been able to keep the boys out of jail.

In addition to his duties as attorney for the board, Mr. Mims enjoys a fine practice in his profession.

Mrs. Bruce Newson of Jackson and two charming daughters, Mary Jane, a student at Millsaps, and Nancy, a student at All Saints, were New Year Eve guests of Mrs. L. J. Doak. They returned home Monday.

Gammon Family Gathers

One of the happiest reunions of the year was that of the fine family of Mr and Mrs. Harry Gammon of this ytci. Mr. and Mrs. Gamomn have reared every one of the eleven children born to them. Fate has been kind to the family, for Death has never taken a son, a daughter or a grandchild. The children are scattered from San Antonio to Jackson, but all came home to "mama and papa" during the past Christmas season.

This is the first time all of them have been together since they began drifting away from home. Mr. and Mrs. Gammon moved here from Water Valye 36 years ago, at which there were only two children, Harry J. and Lura. Since that time they have made Grenada their home. Mr. Gammon, 62, and Mrs. Gammon, 58, have been married forty years and have reared six boys and five girls, the youngest being 16 year of age.There are 14 grandchildren

Mrs. David Richmond from San Antonio will be with her parents for a while.

Those visiting home and participating in this happy event were: Mrs. David Richmond and daughter; Mr. and Mrs. Pat Harkins and daughter of Jackson; Mr. and Mrs. R. K. Gammon of Memphis; Mr. and Mrs. Harry Gammon Jr. and son of Houston; Mr. and Mrs. Hubert Boland, two sons and two daughters of Bryant; Mr. and Mrs. John D. Gammon and daughter of El Paso; Mr. and Mrs. H. M. Stapper and three sons of San Antonio; Mr. and Mrs. Barkley Gammon and daughter of Grenada; Mr. and Mrs. Robert Boland, son and daughter of Grenada. William Gammon and Lambert T. Gammon of Grenada.

ENTERTAINS AT DUCK SUPPER

Dr. J. K. Avent, ably assisted by his wife and daughter, entertained eleven of his friends last Friday night at "The Shack", his country home, with a splendid supper, the piece de resistance of which was wild ducks cooked to a turn.

In addition to a whole duck each, other good things, including candied yams, pickled beets, hot biscuit, cranberry jelly, ice cream and cake, were served. Preceeding the serving of supper the guests assembled in the large living room, running the entire width fo the house, in the end of which was a fireplace filled with burning blackjack wood.

Messrs. W. E. Jackson, Roy Doak, John Murray, Homer Williams, Bob Vandiver, Newt Rayburn, Claud Perry, H. A. Alexander, Dick Smith, Joe Neely and Whyte Whitaker were guests.

CHIEF DEPUTY SHERIFF

CLAYTON CARPENTER

The handsome fellow whose smiling face adorns the space immediately above is Clayton Carpenter, whom Sheriff Hayward named as his chief deputy. With a background of experience in the office when his father, the late John Ed Carpenter was sheriff in the period 1932-1936, as well as educational training, fits him to carry on the work which has become peculiarly complicated in recent years. His wife, the capable Mrs. Louise Hoffa Carpenter, will help out when necessary.

THANKS FROM THE CHAIRMAN.

We wish to say "Thank you" to everybody who made a donation, gave a gift, the ladies and men who gave time and their untiring efforts and also the people who had even a little thought about the Christmas Fund, all of these realize its meaning.

A subscription was not taken but there was a donation of $200,—this money was used to buy fruit, candy raisins, rice, sugar, underwear and stockings to put in the baskets. The Model Mills gave 17g twelve nad one-half pound sacks of flour. Lots and lots of good clothes and toys were given, the Commodity Division donating the baskets to pack the gifts.

There were 180 baskets packed the week before Christmas and delivered Saturday and Sunday. In addition to the baskets there were 50 bags of fruit and candy given the old folk.

Again thanking you, a Happy New Year and a Bigger Christmas Fund for 1940.

W. K. PIERCE,

Round the World 100 Times Annually

Around the big, wide world more than 100 times a year is the travel record of the transportation department of Mississippi Power & Light Company. With a fleet of 174 cars and trucks constantly on the go in order to serve its 78,000 Mississippi customers, this company sees its speedometers register in excess of 2,600,000 miles during a twelve month period.

To mention specific figures, the first six-months of 1939 saw the cars and trucks of this company pile up a total of 1,384,450 miles of actual travel, or a distance equal to 55.4 times around this weary old world. Mississippi Power & Light Company in making this transportation available for its service crews incurred an expense of $55,525.33 or a cost per mile, for the six month period, of 4.1 cents.

In addition to actual operating expense, which includes insurance, taxes, gasoline, oil, tires, and batteries; the company, during this same period had to spend more than $30,000.00 for new equipment and replacements. This brings a total of $85,525.33 chargeable in six short months by Mississippi Power & Light Company to the travel necessary to meet the service needs of its large family of customers.

"Out of the total number of 174 vehicles," stated R. L. Grissom, company transportation manager, "we had 47 light passenger cars, 5 medium passenger cars, 94 one-half ton trucks, 21 one to two-ton trucks and 7 two and one-half to four ton trucks. This fleet is on a parity with the largest fleets operating in the south and we were recently awarded a national safety award for ranking second among all utilities in the 48 states, by the National Safety Council.

"Providing some 78,000 customers with Cheap Electricity, meeting their every service need, riding the streets and highways every hour of the day and night, covering a territory that embraces 19,396 square miles of Mississippi territory is traveling some if you ask me," Mr. Grissom concluded.

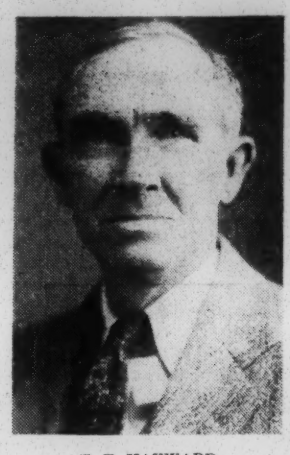
SHERIFF, GRENADA COUNTY



T. T. HAYWARD

Mrs. Hayward didn't think the 1st picture much, and neither did we, but this one is a good likeness of our new sheriff, Taylor Hayward, who was successful in his second try for this office in the last primaries. He is a native of Montgomery County, but has lived here for thirty years and has about got acclimated. He at the present time is living in a rented home on Main Street but is planning to build his own home here within the next few months.

Mr. Hayward, who has surrounded himself with efficient deputies, like all Haywards, is engaged in farming, and is a good farmer too. His farm is on Bogue, east of Elliott.

Wilholte of Memphis which was solemnized Saturday evening December 30, 1939, in a beautiful candlelight ceremony at All Saints Episcopal Church in Grenada. The rectir, Rev. C. S. BAPTIST PLANS INCOMPLETE

Plans for rebuilding the First Baptist church are still incomplete, tho it is definitely known that, when built, it will be one of the finest churches in North Mississippi as over forty thousand dollars, including fire insurance from the destroyed building, are in sight. Their goal is much higher than that, however.

When definite plans are available, we will publish them.

CIRCUIT CLERK

CHARLEY WORSHAM

Frankly, the above picture really flatters our new Circuit Clerk. While a handsome fellow, he is not quite as handsome as the picture indicates. He beigns his first term this week, having succeeded in his second try for the office.

Charley is a native of the fine Gore Springs community of Beat Two, and is a graduate of the Gore Springs school. He has been for a good many years one of George Chamberlain's "right hands" in maintaining the roads of Beat Two.

Charley, as circuit clerk, will issue marriage licenses, and many think that, among the first issued, will be a free one for himself.

Celebrating Christmas, New Year, or something else, B. W. Smith, farmer and politician of Beat Four, paid his dues recently.

Several took occasion to get stupid drunk on New Year. That's a hell of a way to start the new year.

It certainly seems funny, on this new year, to see Turner Bailey walking around not working for the city. He worked twenty-five years—the best part of his life—there at the water plant. He received permanent injury in the city's service, and was unofficially promised a lifetime job. Yet, he is walking around.

Dick Smith is no mean gourmet himself. No cussing, just a French word meaning a good eater.

Stuart Woods gives us a little trouble as Lon Thomas, as both of them come in promptly and renew, and we do not have to chase them down with rabbit hounds.

First thing I know, folks will be putting me and Roy Doak in the same age class.

Brother Doty is showing signs of running for Mayor.

Sam Mitchell got back from Alabama with enough money to pay his subscription. Wonder if it was Alabama money?

Aint they sweet.

Congratulations

Best Wishes

John Troop and Charlie Allen from Yalobusha County were down here Saturday killing our Grenada County quail.

Grandpa Junius Towles had to set back the buttons on his coat and shirt, so proud is he of his new distinction.

Duffy White, Sollie, Miss Dixie and Maxie floors at Peck Harris' Grocery

Aint it grand to be rich?

We wish to mention that we've added Felton McRee to our mailing list while he was here putting a lost mule ad in the GCW. See classified ads.

Mr. Greenfield must indeed have been weaned from Keene.

Wonder what that fellow Abernethy of Okolono is nosing about for?

I guess I will have to change the address of our subscriber, Paul Johnson from Hattiesburg to Jackson.

Wonder if Hugh is going to subscribe now?

Well, we found two more mules.

This is the last free copy I am to send Jerry Talbert. He makes good money. I have baited him with this, the third dose.

Sister Corliss, who lives out on Star Route 2, is in good standing on the mailing list for another 6 months.

Nobody killed or 51 South Saturday night, fortunately.

Mrs. J. L. Avent, another prompt subscriber, paid up before expiration date. Thank you.

Making a long tale short as the monkey said when he sat in the railroad track, all the boys and girls have gone back to college, and all folks working in Grenada and living away from Grenada have returned to Grenada.

COUNTY ATTORNEY

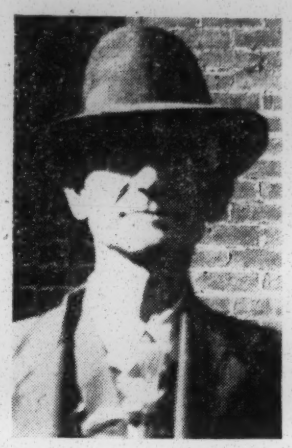
MARSAHLL PERRY

If this gentleman gets in as hot behind law breakers as he did in behind two fine opponents, whom he defeated in the first primary, Grenada County will become an Utopia indeed. He is a native of Choctaw County, representing that county in the state legislature 1936-1940, moved to Grenada and opened up his law office two years ago, and, from the results of the election last summer, has certainly endeared himself to the people here.

He started his first term Monday, succeeding Hon. W. S. Pk Doty. He is married and has one little son.

The Judiciary

CHIEF JUSTICE
Beat Three, Supreme Court

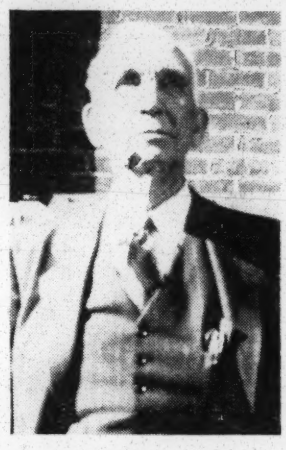


M. O. GRAY

Anyone can look at Squire Gray's eyes and tell that he is going to mix a lot of mischief in dealing out justice at Mt. Nebo.

He is no neophyte in dealing out rural jurisprudence, and he is now entering his second term.

ASSOCIATE JUSTICE
Beat One, Supreme Court



M. McKIBBEN

Monroe McKibben's picture, so far as we know, has never been in print before, and it is with pleasure as well as with honor to ourselves that we present him with all of his judicial poise to the readers of the GCW.

Mr. Mac, we wish you well.

Morrison Thomas, with whom we fought a hard war at Jackson acm at Beauregard, is also in good standing for 6 months. He pays that often so as to get his name in the paper 2 times a year. OK by me.

Skeet Alexander and his family of Memphis to get good meals from mama and grandma.

For a limited time, as long as they last, we will give a copy of the famous Snuff Dippers' issue to new suvscribers. If you want to buy one, it will cost fifteen cents.

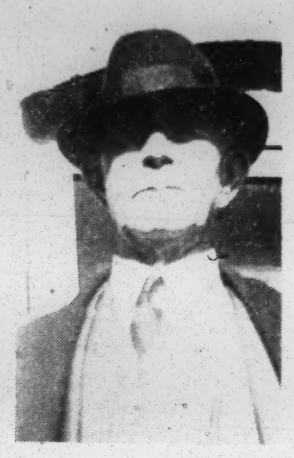
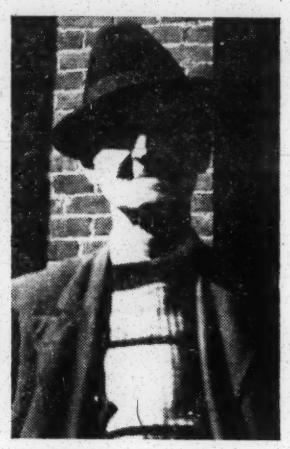
CHIEF JUSTICE
Beat One, Supreme Court



C. E. BOUSHE

The merry twinkle in the eyes of Chief Justice Boushe will tell those who do not already know that he will always temper justice with mercy. He will be ably assisted in his work by his Supreme Court Clerk—not shown in picture—John E. Huffington. To our life-long friend, Charlie Boushe, we extend best wishes, as well as to the clerk.

CHIEF JUSTICE
Beat Five, Supreme Court



VERNON W. CARVER

Squire Carver has not had much legal experience but he figures that he can deal out justice from the top of the deck; and, if cow cases come up, he will be particularly adept, for he has made a life study of cows, mules, etc.

He is getting his first mouthful from the public trough, and if he does not do right, he ought to.

CHIEF JUSTICE
Beat Four, Supreme Court

D. W. PICKLE

Squire Pickle, too, is tasting the first fruits off the prodigious vine of public patronage. He entered upon his duties as Supreme Court Chief Justice from Beat Four Monday, and we, as well as the rest of his friends, wish him well.

DEPUTY TAX ASSESSOR

MISS OUIDA CHAPUIS

Mr. McKnight's selection of Miss Chapuis as his chief deputy in the tax assessor's office will meet with the hearty approval of the people of the county, as well as assure the tax payers that a capable, efficient young lady will be "on the ground" at all times to aid them in their assessment problems.

Miss Chapuis just completed nearly a year's duty in the office of the then sheriff, Dave W. Dogan, and there earned for herself a name for efficiency in the complicated matters in that office, which is closely akin to the assessor's office.

Do Your Duty, Legislators

By the greatest majority ever given a candidate for governor, Judge Johnson was elected last summer.

He spoke on every platform in Mississippi and told the people what he stood for. There was no misunderstandings, for he made his program very clear.

After telling the people all over Mississippi what he wanted to do, his program was vigorously approved by the sovereign people. He carried about 80 or 85 per cent of the counties. The people's approbation of his program was and is beyond dispute.

A legislature composed largely of first-term men is meeting in Jackson. Many of these individuals were more generous in offering surcease from worldly cares to the people than Judge Johnson himself, who was older and more experienced and therefore less credulous, did.

Therefore it behooves the members of the legislature to set as a minimum goal, the fulfillment of all of Judge Johnson's promises. To do otherwise would be little short of traitorous to the people. If members of the present legislature want to go down into the dismal depths of depravity and to taste the putrid fruits of perfidy, let them fail to do less than their leader promised the people last summer.

Rigid economy in government is essential if the tax burden is to be kept within the ability of the people to pay their taxes. Therefore, you must practice rigid economy.

There is too much centralization of authority in Jackson. We are opposed to any law that deprives the communities of their present authority. Therefore you boys must encourage local self government.

Under the present school system Mississippi teachers are paid the poorest salaries and, when old age overtakes them, they are often poverty stricken. It is the duty, therefore, of the present legislature to provide adequate social security, from state funds, for teachers.

Thousands of children are deprived of schooling because their parents are unable to buy school books, and this is a reflection on Mississippi. Therefore, it is the duty of the present legislature to provide free text books to children in the elementary grades.

The present homestead law, while good, does not go far enough. The home should be safe from the tax gatherer. Let the legislature do its full duty with respect to this situation.

State hospitals are in a deplorable conditions. We believe that Mississippi should do like other states and furnish free hospitalization to the poor. We are more interested in people than in money. Another festering sore for the present legislature to heal.

Most states provide maternity wards for unfortunate mothers who are unable to employ doctors and nurses during their illness. The legislature should provide a place for these mathers.

Our state cannot longer delay the development of her highways as a means of transportation for her people and her products. Therefore, the present legislature should remove this serious deficiency.

By establishing bonded warehouses, cold-storage plants and blending plants, the farm products that are sold in the fall for unreasonably low prices could be placed in bonded warehouses or cold storage and held, thereby giving the farmer the benefit of the rising markets. It is therefore incumbent, if not obligatory, on the present legislature to embark on an extensive program of having the state provide these facilities.

The automobile is no longer a luxury of the rich. It is a necessity for practically all the people today. A $3.00 automobile privilege tax is sufficient. The present legislature has both a duty and a responsibility to reduce the price of car tags to $3.00 each.

The poor houses are overflowing (except in Grenada County, where it has been sold to a farmer). Old folks, irrespective of anything but their birth certificate, should receive thirty dollars a month. The pauper's oath requirement should be abandoned. The legislature therefore, cannot do less than provide thirty dollars a month to each person over sixty.

But, we want to see Mississippi practice economy in the conduct of her government. We want to see the money of the taxpayers expended judiciously. Many savings can be effected through an intelligent administration of various departments and institutions. Waste and extravaganee MUST be eliminated. The heavy drains of these evils upon the taxpayer must be stopped and the funds so wasted applied to the proper support of those institutions which render a real service to the people.

Do your duty, legislators.

Why A Holiday On New Year?

It seems incongruous to us that the beginning of the new year should be celebrated as a holiday, and often celebrated in idleness, if not drunkeness.

Traditionally, New Year is the day for making new resolutions, often resolutions of sobriety and thrift. Yet it is celebrated in anything but a sober and thrifty tmosphere.

It does not make sense for us to begin a new year with cessation of work, if we propose to spend the rest of the year in useful work.

As far as we are concerned, not only New Year, but Christmas (as it is NOW celebrated) may be abandoned and, if they are abandoned, we would have a better world.

Well, we finally got by paying at Christmas bills. Please note the "at".

Our New Officers

Try praising your supervisor when he does something worthy of praise. He will appreciate a kind word more than a cat appreciates an open box of salmon or sardines. Try it sometime. Be sure you have seen both sides before you begin cussing him. Improbable as it is, he, not you, may be right. Certainly he is in better position to see ALL sides of the question than you are.

People are habitually prone to look upon the worst side, to believe the worst tale, especially if the side or the tale concerns a public official. Tell a tale on a citizen, and we will hoot at it. Tell the same tale on a public official, especially a poor supervisor, and we will not only believe it, but add to it when we repeat it.

If the man whom you supported was defeated, there is neither sense nor reason in bearing a grudge against the winner. The winner will serve for at least four years, and you might as well make the best of him. Try to make him a good officer. There's no use in perpetuating election feuds. You lost in August. Make the best of the winner, is good advice.

In the beginning of your terms of office, new officers and "repeaters", the Grenada County Weekly extends to all of you its best wishes for successful terms, and will do everything within its power to make you the best set of officers Grenada County ever had We personally know of the difficulty of serving the people, and therefore are not prone to heap hostile criticism on the county officers, for we know that that policy does not help matters at all.

The Old Officers

This issue would be distinctly incomplete if we did not have a word or two to say of the county officers whose terms expired Monday.

During the last county administration, this county made substantial progress not only in creating and improving new roads and schools, but also decreased the mortgage debt of the county several hundred thousand dollars. While the United States government was increasing its debt by about 100 percent, and while Mississippi was increasing its debt by almost as much, Grenada County reduced its debt about twenty percent, and if that is not a good record, we do not know what a good record is.

You fellows can retire from office, as you are doing, gracefully and without feeling jilted. The people give; the people take away. Offices, as is often said, belong not to the officers, but to the people. By honoring you once, twice or thrice, as the case may be, the people have been good to you. Some of you got into the "second primary swing", using that term for want of a better one, and nothing could save you. There was a definite trend of "clean out the courthouse" between the primaries. It worked, too.

Each of you retiring officers has been praised for your work by state review authorities, and those fellows are not often generous with undeserved praise.

As you re-enter private life, the Grenada County Weekly, which has consistently tried to be helpful to you, wishes you happiness and prosperity—things you never had and never would have had in public office.

Aids to Correspondents

Birth, marriage and death—the beginning, the apex and the ending of one's Great Adventure—constitute the greatest news for the country newspaper.

Next to these come family reunions, community gatherings, school exercises and similar events.

Next come items concerning the visits of people from far away to people in the community.

At the very bottom of the list come items such as, "Mrs. Smith spent the day with Mrs. Jones", both of the ladies living right in the community. Such items should never be written and, if written, should never be published.

In writing news for publication the DATE, that is, "Monday, January 1, 1940", should be written out in full and not write "last Monday." Clippings covering births, marriages and deaths are often kept until the paper itself disintegrates with age. In the far off future "last Monday" will mean nothing to the reader.

We supply our correspondents with blanks for the three major items, births, deaths and marriages. All they have to do is fill in the blanks, and the completed paper will give us the essential information. Such items should be mailed AT ONCE.

Routine news, such as is covered in the second and third paragraph hereof, should be mailed each Monday. If news is of sufficient importance to publish at all, it is of sufficient importance to publish ON TIME. Too often rural correspondence is marked "too late for last week" or "crowded out last week." Its publication is delayed because of the correspondent's negligence usually.

In expanding our paper, effective the first of this year, we are undertaking to do something that we have long wanted to do—have adequate and regular news of the surrounding countryside—but were prevented from doing by lack of space and lack of facilities. Many folk have been goo denough to say that we get oet a splendid country newspaper, and that is compliment enough for our ambition is to get out the BEST country newspaper. We care not at all for happening beyond our own very limited sphere.

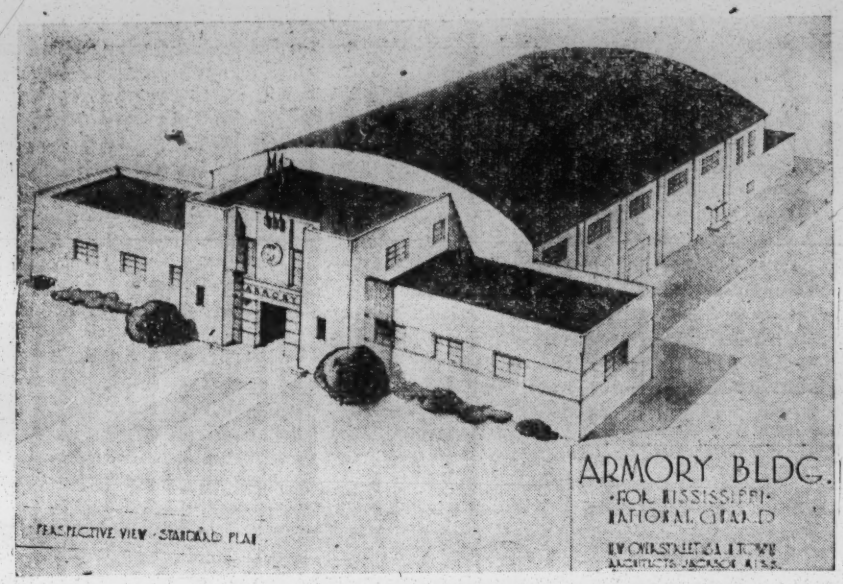
We are this week inviting several carefully selected men and women to aid us in extending our field of endeavor into the rural communities of our section. Later on we hope to formulate some plan whereby the BEST correspondent will receive some for of recognition, but this will have to wait. In the meantime, we hope that the individuals whom we have solicited to help will help for, by helping us they will be helping give their respective communities valuable publicity and in that way perform an unselfish public cervice.

We hope that the individuals who accept our invitation to help will cut out this editorial and use it as a guide in their work.

With all the rucuses and fights and drunkenness in Grenada and vicinity recently, nobody was killed. The officers have been in high all the week.

Pay your subscription. Several hundred persons will become delinquent on January 1st.

Meeting Called to Discuss Proposed Armory Building



Captain J. E. Shaw, commander of our local National Guard unit, has called a meeting of citizens at the Hotel Barwin tomorrow (Friday) at 7 P. M. for the purpose of discussing fully the proposition of financing an armory building—pictured above—with WPA aid in Grenada.

Col. H. J. Dalton, Army Construction quartermaster, will be present and will lay the cards on the table, telling what, when and how local help must be forthcoming. General O'Keefe, Adjutant General of Mississippi, may be present.

All civic clubs have evidenced interest in this proposition, and their members, as well as city and county officials, are urged to attend.

DEPUTY CHANCERY CLERK

RICE E. PRESSGROVE

The smile on the lad's face is not put on especially for this picture, but is characteristic of him who, seemingly, is always in a good humor. He has been with his brother, John, in the chancery clerk's office for eight years and will be there again this term, as the cheif deputy. He helped John make the fine record that this important office has earned.

Rice is a native of Grenada, product of its schools, and has always been identified with Grenada, as have been his people.

Poor Mississippi! The legislature is now in session.

Poor United States! Congress is now in session.

Clarence Burt and Dr. Hill, the great outdoor men, were charmed with what Santa Claus brought them. If the reader does not know what Santa brought them, we are not going to tell them. It was a little cold here in Grenada for Clarence to use his, so he took it to the Rose Bowl game in New Orleans, where it worked with great charm, and to the delight of the others.

I missed seeing two of my fine cousins, Cousins Chuck and Susie Trotter, when they called by the Roach Den one day during Christmas.

NOTICE OF TRUSTEE'S SALE OF LAND

By virtue of the provisions of that certain trust deed, dated May 7th, 1938, recorded in Book 71, page 461, of the Land Mortgage Records of Grenada County, Mississippi, executed by Della S Wright and J. P. Wright, to the undersigned as Trustee, to secure the payment of an indebtedness therein mentioned to J. W. Bowen, Jr., and Mrs. Hattie Bowen, - default having been made in the performance of the conditions of said trust deed, and the legal holder thereof having declared in writing the entire indebtedness secured thereby due and payable, and having been requested by Mrs. Hattie Bowen, the legal holder of said indebtedness, so to do, the undersigned Trustee will on Monday, January 8th, 1940, within legal hours, in front of the East door of the Court House in Grenada, Mississippi, sell at public outcry to the highest bidder for cash, the following land in Grenada County, Mississippi: East 1-2 of Northeast 1-4 of Section 3, Township 21, Range 6, East.

The records of said Grenada County disclose that, subsequent to the execution of the above trust deed, the said mortgagors executed the following instruments upon said land:

an oil and gas lease to H. T. Salter recorded in Oil & Gas Record Book 4, page 327; and a royalty deed to Raymond O. Harding recorded in Deed Record Book 76, page 155.

The undersigned will convey only such title as is vested in him as such Trustee.

Witness my signature, this December 13, 1939.

H. J. RAY,
Trustee. 12- 14, 21, 28 & 1-4 260w

Another change in the business world. Nolan Houston has relinquished the JDN agency and this agency is now in the hands of Brinker Thrower.

Upon entering a new year, may we say that Eli Whitaker, purveyor of coal, has had an ad in this paper every time it was printed. It must pay him, for otherwise he would stop.

Ocean Sands Joined With Red Clay of Mississippi's Hills

SYMBOLIC OF THE CLOSER UNITY being achieved for Mississippi with her sister states of the nation by construction of modern paved highways was the ceremonial performed by Governor Hugh White (above) of mingling the sands of the Atlantic and Pacific Oceans with the red clay soil of the Mississippi hills at the official opening of U. S. Highway 82 in Winona on November 28th. Completion of this 171 miles of pavement by the State Highway Department adds a vital link in this important coast-to-coast route and gives Mississippians another east-west all-paved artery for traffic across the state from Columbus to Greenville.

Insert—"Miss 82" (Madeline Smith of Winona), crowned queen of Mississippi's newest modern highway, clasps the hand of "Miss 51" (Farris Massie of Sardis), at the Winona intersection of coast-to-coast U. S. Highway 82 and Great-Lakes-to-Gulf U. S. Highway 51.

RETIRING SUPERVISOR

CLINTON THOMASON

Mr. Thomason retired as supervisor of Beat Four on the first of the year after serving one term. Beat Four and Beat Five hardly ever return a supervisor. Although Jim Elliott in Beat 5 was able to beat the "jinks", Clinton failed to do so, losing in the second.

Seen, Heard and Told By The Editor

For the first time in two years, I went to church Sunday, over to the school to be with the deep-water brethren, and was insulted. John Ben Perry and J. H. Oliver both referred to me as being in the same age class with Henry Ray, Jesse Hardy and Will Martin. If I could just be in the same financial class with those worthies, I would not mind being charged with being in their age class. If they had kept on talking they would have had me and Brother Jim Weeks playfellows together. Fortunately, "Miss" Claud Parker, who taught me, was there and she exonerated me.

Senator Winter and Representative Ed McCormick were present Tuesday to answer roll call and to help pass the self-pay bill.

The young man in the sweater will probably take the sweater off when the school patrons begin demanding more and better schools and less taxes for this fellow has wished upon himself, with the assistance of a clear majority of the voters of the county, about the hardest job in the county, that of superintendent of education.

He is a native of Grenada and a product of the city schools, as well as of college and at the time of his election, held a responsible post at the school at Cochran, Georgia.

"Happy New Year!" On all sides we receive this greeting and return it conventionally. Yes, for many it will be a happy new year, but for others it will be ruined by vain longings and regrets for that which has passed in the old year. Let us not be like the Biblical character, Sarah, who met complete destruction by regretful retrospection. Often we have failed; often we have done those things which we ought not to have done and left undone those things that we ought to have done. Recall the words of the poet Longfellow, "Trust no future howe'er pleasant; let the dead past bury its dead; act, act in the living present, heart within and God o'erhead." You need make only one resolution and that is to act so that you will live each day as if it were the last one. The New Year lies ahead as spotless and as unimpressed as the white pages of our diary. All things are possible for us; we need only to set our goal and work faithfully and untiringly toward it. Then at the close of the year we will experience the greates of satisfaction; that of having an easy conscience and memory of worthy deeds. And then, truly, we can say "Happy New Year" with a new meaning.

Flash!! Opposite molecules attract each other. We bet that even the old gent who published the physical law that opposite molecules attract each other would be astounded at some of the examples in Grenada High. Take for instance Mary "Liz" and the diminutive Rogers Pleasants who trucked to the Tuesday night dance together—or our tall, dark, lanky Kenneth and the little blonde Kathleen Carlisle, just like night and day walking around together. And who'd have ever beleived it a year ago that sweet quiet little Freshman Margarete Stanley would have looked so kindly on the blustering Jack Hudson? Is it not cute about Fred Smith and Thelma Jane Austin? Then, too, we could hardly write this article withouf mentioning our studious "Woods" Winter and Butterfly Carolyn Whitaker: And Billy Guy and Posey would hardly be called birds of a feather. Neither would Dorothy and Eddy nor Annie Odom and Bubber Dogan.

And Mickey and Gracie have to sort of strain themselves to understand each other due to the great disparity in height. Some people complain about the strain on their eyes when they look first at little blinde Leon Provine and then Mary Lou Cullen (Love is blind)

STATE SENATOR

W. A. WINTER

Hon. W. A. Winter, the only "honorable" in the bunch, was elected last summer to a post he has held, that as state senator from the 28th District, previously. He has had abundant experience in legislatuve affairs, having served three times in the House and once before in the Senate. He is by nature conservative. He lives on land that was patented to his great grandfather by the President of the United States over a hundred years ago.

He lives in the highlands overlooking the Yalobusha River bottoms, and on the north side in District Four, and is a farmer and livestock man.

Frances Kincaid: Is it cold up there Kenneth?

Kenneth: I don't know. Ask Cecil.

It's Leap Year, folks! But there are more girls than boys; so fall in line, girls!

Price: No, ma'm but I would if you would not talk so much.

"AND THE SCHOOL BOY CRAWLING TO SCHOOL

The unfurled flag, smoke rising from the school chimney, students—er, pupils—in bright sweaters dotting the campus all testify that school has been resumed. The spirit in the classes is truly admirable; work was resumed quietly and pleasantly. Except for the

REPRESENTATIVE

ED. G. McCORMICK

We regret that the picture above does not show Ed with that bushy moustache with which he beguiled the voters during the summer of 1939. He shaved it off by the time he was elected. He will be Grenada County's 100 percent representative, having defeated a worthy opponent. He goes to the legislative halls with a background of experience, having represented us during the Conner regime.

Ed lives in the McCormick settlement in Beat Three near Kirkman and, while not legislating, farms his land.

—oh well freshmen will be freshmen. Everybody reported having spent an enjoyable Yuletide Season. We nosed out some news about notable newsmakers in high school. The subdebs had a jolly Christmas tree at Winnifrtd's house. All the girls enjoyed entertaining the boys at a "tea-less" tea dance at the Community House; and all the boys enjoyed being entertained. Katie Carlisele spent a Merry Christmas in Flirida with her grandparents. Even "Woods" Winter venteured to leave the county for Water Valley on Christmas day. Little Gracie Smith fortified with a promise of daily letters from Mickey set out for Indianapolis Fridey before Christmas. And Frank Hill did some duty buzzing in the Delta to pass away the time. Tommy Houston was out of circulation but we do not know where he wasn't circulating. Our own little stay-at-home Buta Brooks journey over to Yazoo City for the holidays. Fred Hodge just had to be odd and a visitor himself who created quite a stir—blue eyes, black hair, etc. Louise Avent's over-night guests after the Tuesday night dance suffered a few ill effects from their midnight feasts. The Christmas Cantata presented by the Glee Club went off rather well and every body was delighted with the soloists, J. Y. Smith, Carolyn Whitaker, Marjorie Chapman, Posey Gant and Dick Rule. Posey really crooned and J. Y. was truly splendid in his sweet soprano. Joe Mac Bailey was all agog over her dresser set that Andy gave her. Betty had a wonderful Christmas until Fred developed appendicitis. Saggy old Bill Marjorie Chapman to ease her agonies went to Pidgeville several days and Merritt looked pretty lone some. Everybody is green eyed over Elizabeth Dugan's perfume that Joe gave her—it's so expensive we cannot even spell it. Poor Bryan Baker missed much fun because of his cold but he plenty all right new year's eve when he and Beele and their crowd saw the old year out properly at Mary Lou's home. Congratulations are in order for Billy Weisker and Frances Guidrey—sh-r-r a secret. She really has a "swell" watch and a ring that she could use for a bracelet but for adhesive tape (good old tape). Accoring to aukthentic reports William Winter and Carolyn, Mary Lou and Leon had great fun working the Ouija board. Ask Carolyn why she is going to marry. Jackie and Clifford looked happy at Mrs. Gerard's tea. We are all glad to welcome Vern Pendergrass from Monroe, La. and hope she likes it in Grenada. All the high school begrudges Charleston, Miss., our defeat in foot ball and certain people have a kind of animosity for Miss Charleston. So-o-o!

(An Editorial)

'Tis a New Year and all the pleasures, all the harpenings of 1939 are but fond memories. Yet, as we journey through these 366 new days, we will not regret having passed them behind. It is certain that we will look ahead with new ambitions, new hope, and new determinatiore to do our best and to accomplish great things.

As we make New Year resolutions, let us all remember our school. Let us all resolve that the Field Meet cup will remain on the shelf of the trophy case in the hall of Grenada Hi, and may this resolution be not merely a wordy one. Let each and every student who loves Grenada Hi stand up and fight for its principles, cooperate in every possible way to make it the very best in all its undertakings.

SUB-DEB SPONSOR ENTERTAINS

The Sub-debs continued to be the inspiration for social courtesies and one of the most delightful affairs was the "at home" Sunday between 4 and 6 o'clock at the lovely home of Mr. and Mrs. F. T. Gerard.

A white, green and red color motif was carried out in the reception rooms decorations and in the refreshments. The table was draped with a lace cloth. Two antique silver candlelabra each holding five glowing red tapers, were placed at each end of the table. Four cut glass comports held salted nuts, smaller cut glass dishes held mints and candy. Two small unique pottery pieces flanked the lovely Christmas pepper plant which was laden with crimson berries. As decoration in the living room, Mrs. Geradr used beautiful berry-laden holly and Southren smilax.

Refreshments of brick ice cream white with a red bell center, and delicious white cake decorated with a red bell, were served at the dining table, allowing each guest to serve buffet style the mints, candy and nuts.

As the guests arrived they were met at the door by Miss Lucy Webb Sharp, charming in an afternoon frock, of black crepe with costume jewelry Miss Sharp received with Mr. Frank Gered Jr. The hostess wore a becoming floor length dress of black chiffon to greet her guests. Miss Isabell Bailey in a lovely frock in black received with Gus Gerard. Mrs. C. S. Liles in a handsome dinner dress of black velvet and Mrs. W. W. DEPUTY CIRCUIT CLERK

MISS ALEEN BRIDGERS

Aleen was reluctant to have her picture "struck" Monday morning, for, as she explained, she had just attended the obsequies of her favorite dog, and she feared that her grief would show on her face. We have tried faithfully to spell her name right, and if we fail this time, we are going to refer to her in the future as Miss A. Bridgers. Anyway, our best wishes go to the handsome new deputy circuit clerk whose appointment by Mr. Worsham meets almost universal approbation.

MRS. ROSS, HOSTESS

The lovely country home of Mrs. D. G. Ross was the scene of a bridge club meeting Tuesday afternoon when two tables of members and one one table of non-member guests assembled in the charmingly arranged living room for games. INAUGURATION

MISSISSIPPI POWER & LIGHT COMPANY JOINS WITH OTHER CITIZENS OF GRENADA COUNTY IN EXTENDING CONGRATULATIONS TO OUR NEW COUNTY OFFICIALS—AND PLEDGES ITS FULL COOPORATION IN ITS ENDEAVOR DESIGNED TO PILOT GRENADA AND GRENADA COUNTY ALONG A COURSE OF EVER-INCREASING PROGRESS AND PROSPERITY

The electrical development of Mississippi was inaugurated by Mississippi Power & Light Company in November, 1923 . . . at this time there were less than five miles of electric transmission lines in the entire state . . . those towns having electric service available were served from local generating plants of limited capacity . . . many communities with local generating plants had service available only a few hours each day . . . hundreds of communities of from five hundred to fifteen hundren population were entirely without electric service . . . rates ranged from 15 to 25-cents per kilowatt hour . . . the full use of electricity in the home was prohibited because of such rates . . . businesses could not put electricity to work and industrial development was impossible because of the lack of dependable, low cost electric power . . . "electricity on the farm" was an un-heard of phrase and the smoking oil-lamp with its coal-oil wicks and soot, was the order of the day. Today, 16 years since the electric development of the State was inaugurated by the Mississippi Power & Light Company, there is available dependable, low cost electric power for home, farm, business and industry in each of more than three-hundred communities and forty counties served by this company . . . its modern, interconnected transmission system ties together eight source of power supply and brings continuous flow of electrical energy to meet not only the needs of Mississippi today, but the expanding needs of tomorrow . . . Mississippi Power & Light Company today employs over 1,000 Mississippians . . . it pays over a million dollars each year in taxes . . . it spends over $1,500,000 annually for necessary materials and supplies with Mississippi firms and individuals . . . it has reduced its rates until they are 65 percent below rates in effect when it began operation . . . it has improved service to the point where better living is enjoyed by all home makers . . . where electric service is now a profit-producing tool in business and industry and it has extended its lines to bring the benefits of electric service to over ,000 Mississippi farms . . . Indeed in 16 short years, Mississippi Power & Light Company has inaugurated a new era of freedom and prosperity, brought about because of the progress and better living that only Cheap Electricity can provide.
